Delta to add new summer service from Atlanta to Spokane, Wash.

ATLANTA, February 18, 2014 – Delta Air Lines (NYSE: DAL) will add new nonstop seasonal service between Spokane International Airport and Hartsfield-Jackson Atlanta International Airport with Saturday flights beginning June 21, 2014, as part of its summer seasonal schedule.

With the addition of Atlanta service, Delta is now the only airline to offer direct service between Spokane and the southeastern United States.

“As we continue optimizing our network, this new service will provide the Spokane market with access to the southeastern United States, the Caribbean, Mexico and Latin America,” said Joe Esposito, Delta’s managing director - Domestic Network Planning. “Spokane customers will have a one stop connection to more than 150 domestic and international destinations from our Atlanta hub.”

Some of the highest demand markets from Spokane include Cancun, Mexico; Mexico City; Montego Bay, Jamaica; and Nassau, Bahamas.

“We are very thankful to Delta Air Lines for responding to the strong demand that our market has for nonstop service to Atlanta,” said Lawrence J. Krauter, CEO of Spokane International Airport. “This new nonstop service to Atlanta will be a significant time saver for our business and leisure travelers. This is yet another example of Delta Air Lines’ strong commitment to serve our community and increase our connectivity. Working together with Delta, we intend to make the Atlanta nonstop another success, similar to what has been achieved with Delta nonstop service to Los Angeles.”

The flights will be operated using mainline Airbus A320 aircraft equipped with in-flight Wi-Fi and First Class and Economy Comfort seating.

Tickets are available for purchase at delta.com or by calling 1-800-221-1212.
