E. SOQ EVALUATION AND SELECTION

All SOQs received will be evaluated and ranked based upon the responsiveness to the RFQ. A minimum of two (2) firms may be selected for further evaluation and requested to participate in an interview as part of the selection process. Alternatively, the Airport may choose to select the most qualified firm or team directly following the evaluation of the submitted SOQs. One consultant will be selected for negotiation of a PSA.

The Board reserves the right to reject any and all SOQs, to waive any irregularities in the SOQs received, and to accept the SOQs deemed most advantageous to the best interest of the Board. All SOQs become the property of the Airport.

Spokane International Airport is an Equal Opportunity Employer and federal contractor or subcontractor. As such, the Airport and all tiers of its consultants will abide by the requirements of 41 CFR 60-1.4(a), 41 CFR 60-300.5(a), 41 CFR 60-741.5(a) and Executive Order 13496 (29 CFR Part 471, Appendix A to Subpart A).

F. SCOPE OF WORK AND FEE PROPOSAL

Following the selection process, the Airport will enter into contract negotiations with the selected consultant. The Airport and consultant will meet to discuss the proposed services and scoping of work. The selected consultant will be expected to prepare and submit a detailed breakdown proposal identifying hourly rates, markups, anticipated reimbursable expenses, direct salary costs, labor, general and administrative overhead, and profit data for the project. Work will be performed on a negotiated lump sum amount, based on the specific identified tasks of the Scope of Work associated with design services. Construction management and construction administration services may be amended to the PSA and will be performed on a negotiated not-to-exceed amount, based on time and materials (specific rates of compensation). Negotiations

and an independent cost analysis will be performed prior to approval and execution of the PSA. If scope and fee cannot be agreed upon between the Airport and the consultant, negotiations will be terminated. The Airport will then enter into negotiations with the next highest qualified consultant.
