Spokane International Airport (GEG)
Request for Statements of Qualifications and Experience Spokane Airport Board
State Legislative Affairs Consulting Services, #22-49-9999-012

Addendum #1
July 12, 2022

Below are responses to questions asked related to the Request for Statements of Qualifications and Experience (RFSQE) document.

1. Standard Professional Services Agreement: Item 4 of the Evaluation Criteria (page 7) references a standard Professional Services Agreement and requests interested parties to confirm it is acceptable or propose alternative language. However, I was unable to locate the referenced agreement in the currently posted RFSQE materials. Would you provide, or post, a copy of the standard Professional Services Agreement?

The Professional Services Agreement was posted on the Airport's web site on July 8, 2022.

2. Insurance: The RFSQE indicates the selected consultant will be asked to provide evidence of acceptable insurance coverage (pages 11-12). To the extent the specific insurance requirements are not outlined in the standard Professional Services Agreement, would you provide or post these insurance requirements?

Insurance requirements are covered in Section 18 on page 4 of the Professional Services Agreement
